
HARMONIC
HOT TUBS
Luxury in Perfect Harmony.

BUILDING THE BEST IN THE WORLD RIGHT HERE AT HOME

Where Innovation Meets American Craftsmanship

At Harmonic Hot Tubs, we're not just manufacturers—we're innovators. Operating from a cutting-edge 50-acre campus in Franklin, Kentucky, we combine modern technology with timeless craftsmanship to deliver unparalleled relaxation.

Welcome to the Harmonic Experience

A Journey to Balance, Beauty, and Well-Being

There is a moment—just before the water ripples, just before your mind exhales—when everything aligns.
At Harmonic, we design for that moment.

Rooted in the belief that well-being begins with balance, Harmonic Hot Tubs are crafted to elevate your senses, soothe your body, and reconnect you to what matters. Every line, every curve, every jet has been designed with intention—to create a seamless blend of beauty, innovation, and therapeutic performance.

Inspired by the calming flow of water and the power of human connection, Harmonic is more than a hot tub. It's a ritual. A sanctuary. A space where your surroundings rise to meet your energy and your energy finds its rhythm again.

Our signature hydrotherapy systems combine precision engineering with a deep understanding of the body's needs. From intelligent jet placement to customizable lightscapes, every Harmonic experience is uniquely yours.

Whether you seek deep restoration, quiet connection, or simple peace at the end of your day, Harmonic invites you to slow down—and sink in.

Welcome to your Harmony ...

Pewter

Pearl

Sahara

GLOSS FINISH

Silver Marble, Ocean Wave and Espresso

These smooth high gloss finishes combine streams of color into a swirl design.

TEXTURED FINISH

Pewter, Pearl and Sahara

These textured finishes add shimmer for a luminescent granite-like hot tub surface

MATTE FINISH

** Alabaster Wave

GLOSS VS MATTE

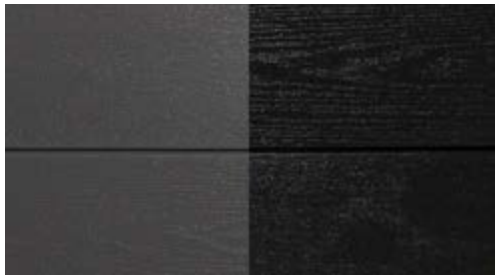

See the Difference
This matte finish offers are more contemporary appearance while hiding waterspots and finger prints.

Feel the Difference
From first contact, especially on wet surfaces, AVONITE™ Flex offers real, reliable grip.

Tested & Trusted
Independent tests show it's twice as slip-resistant as glossy acrylics, combining safety and comfort.

HYDRO FLOW SYSTEM ~
DELTA LOW PROFILE FAMILY OF JETS

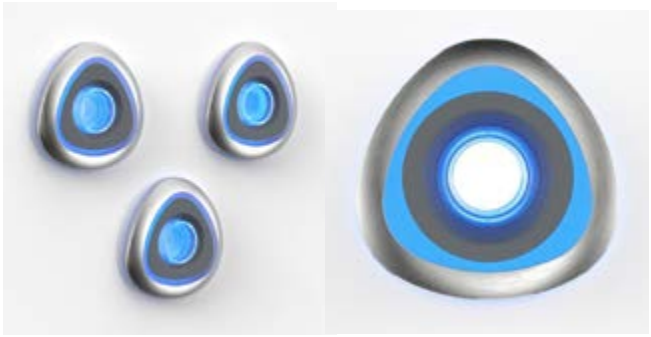

Delta Jet Collection

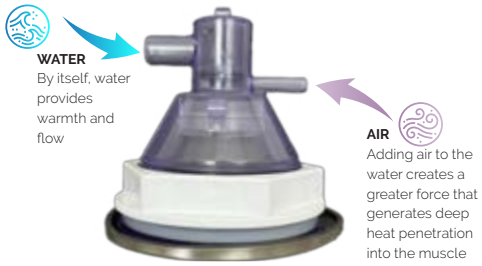

Our Delta Jet Therapy System is a powerful hydrotherapy solution designed to deliver targeted relief through high-performance water jets. Engineered for maximum comfort and muscle recovery, this system provides a deep-tissue massage experience that helps reduce tension, improve circulation, and promote overall wellness. With customizable jet intensity and ergonomic positioning, the Delta Jet Therapy System transforms your spa into a personal oasis of relaxation and therapeutic care—perfect for athletes, active individuals, or anyone seeking restorative benefits from water-based therapy.

Our Turbo Boost Jets feature a high-flow linear design, capable of moving up to 40 gallons of water per minute.

When strategically grouped, they deliver a powerful and consistent whirlpool actions, forming one of the **most effective hydrotherapy systems available**.

HARMONIC CLEAN

Harmonic Hot Tubs Feature an advanced, easily customizable, electronic control system that automatically activates twice a day for a deep-cleaning filtration cycle. During these cycles, the pump runs in a high flow, but energy efficient setting, drawing water from both the footwell and the surface of the hot tub, where it skims away dirt and debris. Harmonic's exclusive **Silver Shield Micro Screen Cartridge t**hen captures and holds particles and contaminants, even as small as 1 micron. Silver and Zink, renowned for their ability to kill bacteria and enhance water purity are embedded in the cartridge to enhance water quality. Additionally, every Harmonic Pure system comes equipped with an Ozone generator and a specially designed reaction chamber that that kills 99% of bacteria and then safely breaks ozone down into pure oxygen. As your hot tub operates, Harmonic Pure continuously oxidizes fine particles, eliminates bacteria, and greatly reduces the need for chlorine or bromine

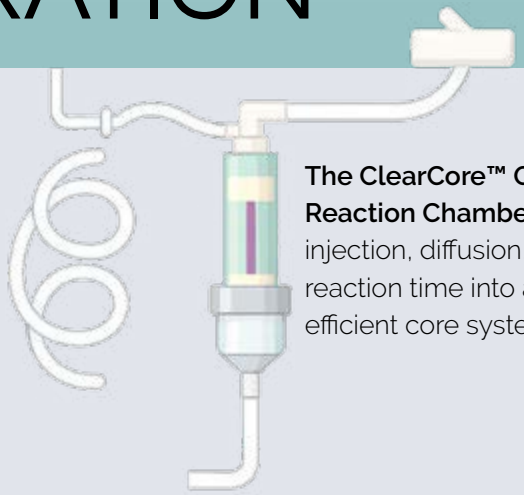

HARMONIZED FILTRATION

ACTIVE SKIM™ FILTER

A major factor in this filter's exceptional performance is its continuous, silent skimming action—effective at both high and low pump speeds. Unlike traditional systems, there are no gates or telescoping tubes to jam or cause pump cavitation.

Its finely spaced grate keeps out floating debris like toys and leaves, ensuring a clear, unobstructed filtration area.

The ClearCore™ Ozone Reaction Chamber combines injection, diffusion, mixing, and reaction time into a single, highly efficient core system.

Gate Valves Allow for Servicing without Draining the Spa

Rubber Motor Mounts eliminate noise

DESIGNED TO LAST IN ANY ENVIRONMENT

From the sleek cabinet to the flawless acrylic shell, the quality of a Harmonic Hot Tub is clear at first glance. But the real magic lies beneath the surface — where expertly engineered components work together to create the ultimate spa experience. Here, we're giving you a rare look inside, showcasing the precision parts and thoughtful design that make your Harmonic Hot Tub truly exceptional. Because the more you understand its superior craftsmanship, the more you can relax ... one soak at a time.

SAFETY AND EFFICIENCY

Built for Relaxation. Certified for Protection.

Every Harmonic Hot Tub is certified to meet rigorous safety standards, giving you peace of mind with every soak. From electrical systems to advanced anti-entrapment designs, each detail is engineered to protect you and your family. This safety compliance certification ensures that your spa not only delivers luxury and performance, but also the highest level of trust and reliability—**so you can relax knowing you're in good hands.**

An ETL Listing indicates a product has been independently tested and complies with North American safety standards

CEC plays a crucial role in shaping our future. They forecast energy needs, license power plants, set energy efficiency standards and invest in research and development

UK CA | CE

Our Tubs are engineered to meet rigorous UK and European safety standards, our hot tubs are built with globally recognized certifications—giving you and your customers confidence in every detail.

The Harmonic factory has invested heavily in our in-house product testing facilities and have passed rigorous standards to be certified as a Recognized Satellite Laboratory. We do this to ensure each Harmonic hot tub meets or exceeds every safety and energy efficiency specification.

Harmonic LED Illumination

Experience the elevated ambiance with Harmonic Glow, our sophisticated LED lighting system designed to enhance both safety and mood. As much of your time in the hot tub is spent during the evening, Harmonic Glow provides essential illumination for a secure, serene environment. The intuitive controls are softly backlit, ensuring effortless navigation after dusk.

HARMONIC LIMITED WARRANTY

GPM Manufacturing LLC, makers of Harmonic Hot Tubs, offers this Limited Warranty solely to the original purchaser and applies to residential use only within the United States and Canada. Please read this entire Limited Warranty as exclusions and conditions do apply.

10 YEAR SHELL STRUCTURE

We warrant the Harmonic Hot Tub shell not to leak for 10 years from the original tubs purchase date.

10 YEAR CABINET

We warrant the Harmonic Polyethylene Cabinet against degradation and cracking for 10 years. Normal wear and weathering that occur over time are not defects.

7 YEAR SHELL SURFACE

We warrant the Harmonic Hot Tub shell surface finish not to crack, wrinkle, blister, peel for 7 years from the original tubs purchase date.

3 YEAR PLUMBING

We warrant the plumbing of the tub will not leak due to defects in material and workmanship for 3 years.

3 YEAR JETS

Jet internals are warranted against malfunctions due to defects in material for a period of 3 years.

3 YEAR EQUIPMENT

We warrant the Harmonic Hot Tub Equipment (pumps, heater, control pack, and topside control) for 3 years.

2 YEAR OPTIONS & ACCESSORIES

We warrant the Harmonic Hot Tub Equipment (Ozonator and LED Lights) for 2 years.

5 Stars Google Reviews

As an Authorized Dealer for Harmonic Hot Tubs, we couldn't be more excited to offer this **exceptional brand to our customers. HARMONIC HAS ELEVATED THE HOT TUB EXPERIENCE** with their commitment to quality, innovation, and customer satisfaction. As a dealer, we've seen firsthand the dedication Harmonic has to their customers. Their support and warranty programs give our clients peace of mind knowing that they are backed by a trusted, reliable brand. We are proud to carry Harmonic Hot Tubs and wholeheartedly recommend them to anyone seeking the ultimate in relaxation and quality. Dan E (2025)

BEST PURCHASE WE'VE MADE IN QUITE SOME TIME!!
We purchased our Harmonic hot tub in December and have used it almost daily ever since. Great features, great price and something we will be able to enjoy for years to come.

Even better, and almost unheard of nowadays, they have provided exceptional customer service. Darin checked in before I even finished downloading the owner's manual. He had an immediate, complete and easy answer to every question and was professional, kind and helpful.
~ JM (2026)

The Harmonic Hot Tub Line has been a great addition in our showroom. **OUR CUSTOMER FEEDBACK HAS BEEN INCREDIBLE**. They have awesome seating options, amazing jets, and incredible power. We are all about supporting American manufacturing. We could definitely tell from day one that this company takes pride in their craftsmanship and dealer support! ~ American Pool & Spa (2025)
